- Our goal was to provide valuable CPD and educational opportunities for our members through holding 3 scientific meetings & providing an online CPD package. Our meeting

- in August held in Wollongong allowed us to reach out to more regional based technologists.
- Once again the Radpharm award was combined with the Hunter Tech meeting. The winning entrant was Jorden Reynolds from HNE with “Many Brains make light work”.
 - The society sponsors a clinical prize for the Universities each year. The 2017 winners were Courtney Berryman from CSU and from Newcastle we had a tie with Jorden Reynolds and Sean Baker.
 - Financially the society is in a strong position, this has been due to gaining sponsorship for the meetings and our membership numbers are up from 136 to 171 this year. The membership fees help cover the gap between sponsorship and costs outlaid.
 - The Facebook page continues to feature news and announcements with regards to upcoming meetings, jobs etc. Feel free to post on the page, if anyone wants to write a CPD activity for the website, you’re welcome to email us. A reminder that the CPD triennium ended on the 30th of November.
 - This AGM marks the end of the two year cycle for the executive committee and all positions are up for election. I would like to invite any NMS interested in continuing education to join the committee.
 - Thankyou to the NSWSNMS committee for their dedication and hard work, to the members whom attend our meetings, the presenters enabling us to learn and to our sponsors whom make it possible to provide these opportunities.
